

Εργογραφία Θεόδωρου Κουλουρίδη.

-Τα στοιχεία είναι από τον ιστότοπο *Semantic Scholar*, που περιλαμβάνονται 57 δημοσιεύσεις, 1.441 citations, hi-index 23 και Highly influential citations 18-

1. Studies on Rehardening of Artificially Softened Enamel, T. Koulourides, W. Pigman, Journal of dental research, 1960
2. Rehardening of Softened Enamel Surfaces of Human Teeth by Solutions of Calcium Phosphates, T. Koulourides, H. Cueto, W. Pigman, Nature, 1961
3. Effect of Organic Ions on Solubility of Enamel and Dentin in Acid Buffers T. Koulourides, M. Buonocore, Chemistry, 1961
4. Rehardening of Softened Tooth Enamel, W. Pigman, T. Koulourides, H. Cueto, Chemistry, 1962
5. Cariogenicity of Common Sugars as evaluated in the Artificial Mouth, W. Pigman, J. Brasher, T. Koulourides, Nature, 1962
6. Effects Of Calcium, Phosphate And Fluoride Ions On The Rate Of Softening And Dissolution Of Tooth Enamel, T. Koulourides, J. L. Reed, Archives of oral biology, 1964
7. Changes Of Enamel Microhardness In The Human Mouth, T. Koulourides, J. F. Volker, The Alabama journal of medical sciences, 1964
8. Remineralization of carious dentin treated with calcium hydroxide, E. Eidelman, S. Finn, T. Koulourides, Journal of dentistry for children, 1965
9. Remineralization Of Dental Enamel By Saliva In Vitro *, T. Koulourides, F. Feagin, W. Pigman, Annals of the New York Academy of Sciences, 1965
10. Dynamics of tooth surface-oral fluid equilibrium, T. Koulourides, Advances in oral biology, 1966
11. Calcifying ability of human body fluids, W. Pigman, K. Kotwal, T. Koulourides, Archives of oral biology, 1966
12. Artificial caries studied with intermittent demineralizing and mineralizing treatments of teeth, T. Koulourides, R. M. Sims, The Alabama journal of medical sciences, 1967
13. Effect of pH, ionic strength, and cupric ions on the rehardening rate of buffer-softened human enamel, T. Koulourides, F. Feagin, W. Pigman, Archives of oral biology, 1968
14. Remineralization Methods *, T. Koulourides, 1968

16. The characterization of enamel surface demineralization, remineralization, and associated hardness changes in human and bovine material, F. Feagin, T. Koulourides, W. Pigman, Archives of oral biology, 1969
17. Experimental plaque activity in three areas of the human alveolar-dental arch, M. Zuniga, T. Koulourides, The Alabama journal of medical sciences, 1969
18. Experimental studies of dental caries. 1. Measurements of enamel microhardness, A. Dimitriades, T. Koulourides, Stomatologia, 1969
19. Experimental studies on dental demineralization, A. Dimitriades, T. Koulourides, Stomatologia, 1969
20. Physical Model for Plaque Action in the Tooth-Plaque-Saliva System, W. Higuchi, F. Young, J. Lastra, T. Koulourides, Journal of dental research, 1970
21. Remineralizing mouthwash rationale and a pilot clinical study, J. McCormick, L. Manson-Hing, A. Wolff, T. Koulourides, The Alabama journal of medical sciences, 1970
22. Increase in resistance of human enamel to softening by exposure to acid buffers containing calcium and phosphate, T. Koulourides, A. Dimitriadis, Archives of oral biology, 1970
23. The challenge of prevention in dentistry, T. Koulourides, The Alabama journal of medical sciences, 1971
24. Study of the effect of calcium, phosphate, fluoride and hydrogen ion concentrations on the remineralization of partially demineralized human and bovine enamel surfaces, F. Feagin, P. Patel, T. Koulourides, W. Pigman, Archives of oral biology, 1971
25. Microradiographic Comparison of Artificial Caries Systems, L. Manson-Hing, S. Keller, F. Feagin, T. Koulourides, Journal of dental research, 1972
26. Electron Microprobe and Microhardness Studies of Enamel Remineralization, S. Wei, T. Koulourides, Journal of dental research, 1972
27. Calcium and phosphorus contents of dental plaques and microhardness changes of sample enamel in the human mouth, M. Zuniga, H. Lopez, H. Sandham, E. Bradley, T. Koulourides, The Alabama journal of medical sciences, 1973
28. An intraoral model used for studies of fluoride incorporation in enamel, T. Koulourides, P. Phantumvanit, E. C. Munksgaard, T. Housch, Journal of oral pathology, 1974
29. Effect of sampling procedure on the amount of fluoride from remineralized enamel surfaces treated with 1, 10, 100 ppmF in vitro (author's transl), P. Phantumvanit, F. Feagin, T. Koulourides, The Journal of the Dental Association of Thailand, 1974

- 
30. A preventive dentistry demonstration program, C. A. Ostrom, T. Koulourides, L. Menaker, F. H. Devenyns, *The Alabama journal of medical sciences*, 1975
 31. Cariogenicity of nine sugars tested with an intraoral device in man, T. Koulourides, R. Bodden, S. Keller, L. Manson-Hing, J. Lastra, T. Housch, *Caries research*, 1976
 32. The intraoral cariogenicity test in young subjects, C. A. Ostrom, T. Koulourides
 33. *Caries research*, 1976
 34. Effect of Silane Fluoride, NAF and SNF2 on Cariogenicity, J. Arends, T. Koulourides, 1977
 35. Microbial Characterization of an Experimental Cariogenic Plaque in Man, C. A. Ostrom, T. Koulourides, F. Hickman, J. Mcghee *Journal of dental research*, 1977
 36. Combined Effects of Sucrose and Fluoride on Experimental Caries and on the Associated Microbial Plaque, C. A. Ostrom, T. Koulourides, F. Hickman, P. Phantumvanit, *Journal of dental research*, 1977
 37. Strong and weak acid sampling for fluoride of enamel remineralized in sodium fluoride solutions, P. Phantumvanit, F. Feagin, T. Koulourides, *Caries research*, 1977
 38. Enamel remineralization as a factor in the pathogenesis of dental caries, T. Koulourides, B. Cameron, *Journal of oral pathology*, 1980
 39. Enhancement of fluoride effectiveness by experimental cariogenic priming of human enamel, T. Koulourides, S. Keller, L. Manson-Hing, V. Lilley, *Caries research*, 1980
 40. Contribution of maltitol and lycasin to experimental enamel demineralization in the human mouth, J. Rundegren, T. Koulourides, T. Ericson, *Caries research*, 1980
 41. Establishment of Potentially Cariogenic Streptococci in an Experimental Human Plaque. I: *Streptococcus mutans*, L. Borden, C. A. Ostrom, T. Koulourides, *Journal of dental research*, 1980
 42. Evaluation of cariostatic disciplines for postradiation caries, J. Hutton, T. Koulourides, L. Borden, *Caries research*, 1982
 43. The treatment of early caries (author's transl), T. Koulourides, *Shikai tenbo = Dental outlook*, 1982
 44. Comparison of diphosphonate effects on enamel in vitro and in vivo, J. Wöltgens, T. Koulourides, *Caries research*, 1983
 45. Effect of fluoride on in vitro root surface lesions, W. al-Joburi, T. Koulourides, *Caries research*, 1984
 46. Enamel Fluoride Uptake and Acid Resistance in Subjects with High and Low Experimental Cariogenicity, C. A. Ostrom, T. Koulourides, D. Retief, E. Bradley *Journal of dental research*, 1984

47. Enamel Microhardness Change and Plaque pH Measurements in an Intra-oral Model in Humans, M. E. Essig, W. Bodden, E. Bradley, T. Koulourides, T. Housch, *Journal of dental research*, 1985
48. Anti-dental caries effect in rats and man of a bacteriocin purified from the oral bacterium *Streptococcus mutans* C3603, T. Ikeda, T. Koulourides, T. Kurita, T. Housch, M. Hirasawa, *Archives of oral biology*, 1985
49. Intraoral uptake of fluoride by presoftened enamel following systemic administration and fluoride mouthrinsing, M. Zimmermann, T. Koulourides, N. A. Muhammad, R. Corpron, W. Higuchi, C. Kowalski, *Caries research*, 1985
50. Protein content and amino-acid content of consolidated carious lesions in human enamel and of experimental lesions in bovine enamel exposed to the human mouth, T. Teranaka, T. Koulourides, W. Butler, *Archives of oral biology*, 1986
51. Implications of remineralization in the treatment of dental caries, T. Koulourides, *Higashi Nihon shigaku zasshi*, 1986
52. Effect of a 100-ppm fluoride mouthrinse on experimental root caries in humans, T. Teranaka, T. Koulourides, *Caries research*, 1987
53. Abrasion Biopsy in Studies of Mineral Density of Experimental Enamel Lesions, T. Ikemi, T. Koulourides, *Journal of dental research*, 1988
54. Mineral Density and Fluoride Content of in vitro Remineralized Lesions, Y. Jima, T. Koulourides, *Journal of dental research*, 1988
55. Fluoride Incorporation into and Retention in Remineralized Enamel, Y. Jima, T. Koulourides, *Journal of dental research*, 1989
56. The ICT in situ Experimental Model in Dental Research, T. Koulourides, M. Chien, *Journal of dental research*, 1992
57. An in vitro Model for Assessment of Fluoride Uptake from Glass-ionomer Cements by Dentin and its Effect on Acid Resistance, V. Tsanidis, T. Koulourides, *Journal of dental research*, 1992
